

MOUNTING SYSTEMS AND ROOF GROMMETS

SOLARA®
by CENTROSOLAR

SOLARA® Mounting Systems made from ABS Plastics

The same high quality as in vehicle production

The ABS brackets match the solar panel widths. Also available are corner brackets and connector brackets.

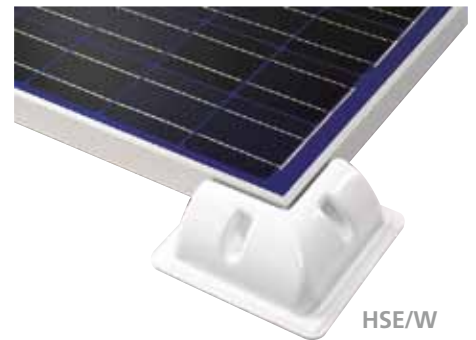

The brackets are glued onto the vehicle roof with our special ABS adhesive (FIX PACK), the solar panels are connected to the spoilers by using screws.

- 100% recyclable
- UV-resistant
- More than 50% lighter
- Warranty: 5 years
- White ABS plastics

**5 Year
Warranty**
on colour fastness and
